

Desire. Ability.

We could talk about the special dark brown premium cloth soft-top, stunning 17" multi-spoke alloy wheels, thoughtful touches of chrome and aluminium, distinctive dark brown leather with coordinated blue stitching that swathes the interior – and so on; but we suspect you'll also be more than interested in the front-engined, rear-wheel drive chassis, set up as such to provide a perfect 50:50 weight distribution to inspire an exhilarating drive, further assisted by the competition-inspired strut tower brace, installed to deliver even better dynamic handling and further refine the balance between lightweight sports car and lively engine output.

Looking good is one thing. Exclusivity is more. But driving a Mazda MX-5 is everything.

Mazda MX-5 Niseko

Part No. MCAG840 01/08 (BIN 304514/GBR en/V1)

ZOOM-ZOOM

Desirability.

Only 800 individual Mazda MX-5 Niseko's will be sold in Britain. That makes them something really rather special.

A unique colour and trim combination means exclusivity comes as standard, while the choice of climate control air conditioning and heated leather seats assures your absolute comfort, whatever the weather. In response to rain, shine, or simply an open road, you can decide between the timeless roadster soft-top, or the world's fastest powered retractable hard top with the Mazda MX-5 Roadster Coupe, which rises or falls within just twelve seconds.

Given so much choice, the only real challenge is deciding which of the 800 is yours... quickly enough.
